

EARTH DAY - 2024

Shree Swaminarayan Gurukul Public School organised the 'Earth Day Celebration' on 22 April, 2024. With a view to sensitize the children to become the crusaders for environmental conservation.

As a part of this celebration students of Nursery to Grade 2nd celebrated 'Green Day' and were taken for a visit to the park to make them feel connected to nature and Mother Earth.

A special assembly was conducted where in the students from Grade 3rd to 10th where all the classes performed informative skits on Earth Day communicating the importance of conservation of our dear Mother Earth.

The children were made aware that 'EVERY DAY IS AN EARTH DAY' and the purpose of celebrating Earth Day is to keep our grass green and our skies blue with more trees and less pollution.

The Principal also conveyed a special message about the various environmental issues and how all of us can make a difference by making small adjustments in our daily rituals & habits.

It was moving and insightful to witness such strong messages on 'Save the Environment -Save Earth' being presented by our little Samaritans through creative group activities.

'Our Children are Our Future' and we all need to do our bit to contribute to the environment positively, for that will be one of our best investments we will ever make for our children.
